

CCC – Title 24 Activities Update

Training for Building Inspectors

- ~2 hour demo of equipment, test procedures and results
- ~1.5 hour instruction on acceptance test
- Participants
 - CCC: Develop curriculum (Jon McHugh)
 - SMACNA: Provide training venue and conduct demos
 - CALBO: Market training to building inspectors

Outreach to Building Departments

- CCC developing an “Acceptance Testing Field Guide”
- Work with CALBO to distribute

CCC – Title 24 Activities Update

Commissioning Requirements in Title 24

- Objectives:
 - Impact energy efficiency and optimized building operations
 - Encourage Cx best practices
- Key Considerations:
 - Align with concurrent code development efforts (e.g. CA Green Building Standard)
 - Identify alignment between design-phase Cx activities with acceptance testing requirements
 - Analyze feasibility of compliance/enforcement mechanisms
- Participants
 - Project guidance from Randall Higa (SCE), Martha Brook and Tav Commins (CEC)
 - CCC Staff to lead, with input from Advisory Council and other industry stakeholders
